

Experts in turning and CNC machining since 1995
1,800,000 parts delivered, 330 references, 93 clients (per year)
85% of deliveries on time and 95% within the committed week

Fast and robust manufacturing
(Machinery with dual spindles).

Machining from round bar, for
hydraulics, gas, motorcycles, trucks,
from simple to complex parts.

ISO 9001 - ISO 14001. 100%
reliability, quality, professionalism.

Parts ranging from Ø6mm to
Ø150mm, in batches starting
from 1,000 units.

23 workers, 4 skilled workers, 3
engineers.

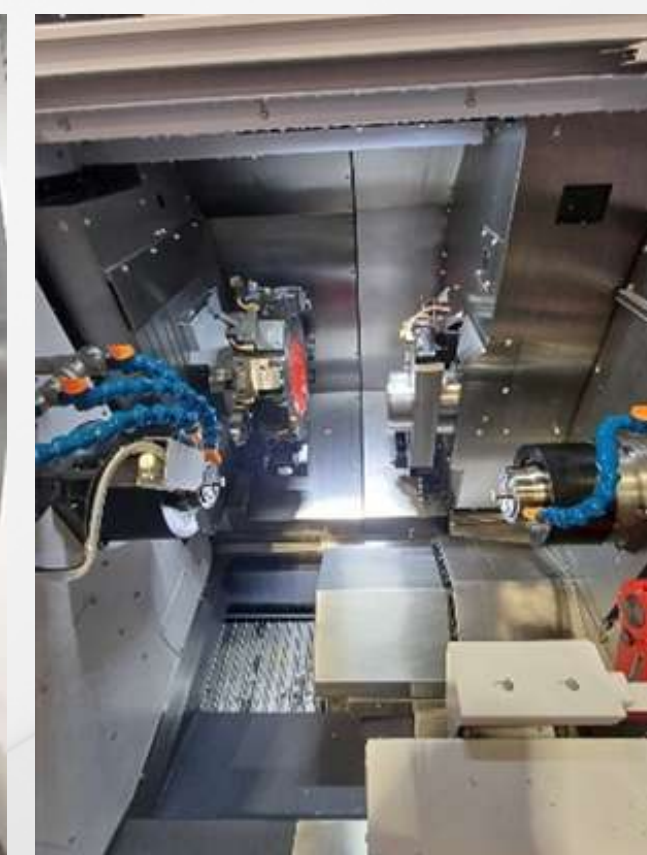

1,500 m², 14 dual-spindle and
single-spindle machines.

Steels, Stainless steel,
aluminum, brass, and plastic

OTIS

- Moving head and fixed head
- Spindle and Sub-spindle
- Two turrets

- Bar feeding
- Cut-off feeding
